

# GARDEN

Intelligent garden solutions

**roto**  
since 1949

Roto Group is an international company specialized in the production of plastic products. The roots of the family-run business go back to 1949. ROTO employs more than 550 people in 9 factories located in different European and African countries.

Roto generated revenues of €110 million in 2024, selling products in 65 countries around the world.

Roto is European leading rotomoulding company, producing more than 4,400 different products. The company's development is ensured by continuous innovation, new technologies and materials that ROTO develops together with scientific institutes, universities and other companies.

The Roto-branded product groups are divided into four segments: products for agriculture, garden, sport and ecology. The use of composites and biodegradable and recycled polymers enables the production of the most complex products on the market.

EY world family award

Roto also manufactures a wide range of components products for various industries such as automotive, marine, construction and agricultural machinery, aquaculture and logistics. Added value innovative design, the use of intelligent polymers and composites, upgrade of products with accessories.

# ADVANTAGES

Families of products:  
same design and  
different size

-65°C/+85°C

Weather proof and  
UV rays resistant

Ecological: non toxic  
and recyclable

Very light and easy  
to handle

Direct shipments to  
customer or clients.

**5 YEARS**  
WARRANTY

Extreme durability

Shock resistant

Low lead-times and  
warehouse storage.

More than 70 years  
experience

# ONLINE & SHOPS

Easy to deliver for  
online stores and  
web shops.

Custom labelling  
including  
barcoding.

Custom  
display  
design.
